Experience

Senior Designer - Capsule / October 2023 - Present

Currently working as a senior designer with a collaborative, cross-functional team of creative and art directors, designers, copywriters and strategists on naming, branding, packaging and web design projects covering a wide range of industries while implementing a unique research-based design approach.

Senior Designer - Workshop / April 2022 - October 2023

Worked as a senior designer helping lead a team of marketing and production designers in creation and implementation of on-site and digital brand activations, websites, retail displays and digital ad campaigns. Also worked to re-invigorate the internal branding with a new logomark and iconography while directing social media design creation.

Designer - Cue / November 2017 - April 2022

Worked with a small but mighty team of creative directors, business marketers, designers, and production artists, as well as external teams of web developers, voice talent and animators, to ideate, create, and produce branding, packaging, web and video solutions for large and small companies alike.
